

CARINO

HEIGHT ADJUSTABLE HYGIENE CHAIR

A BETTER ALTERNATIVE FOR DAILY HYGIENE

For many residents and patients, assisted hygiene routines mean being washed in bed or showered in a fixed-height shower chair. A safer, more efficient alternative is available: showering with dignity in a Carino height-adjustable hygiene chair.

Carino is the best solution for minimizing static load and protecting carers' health

and safety during showering and other assisted hygiene routines.

It is also a better alternative for residents, offering optimum hygiene results, improved comfort and handling methods that maintain personal dignity.

Using Carino contributes to higher quality care and enhances residents' quality of life.

...with people in mind

KEY FEATURES

1 Height-adjustability

With handset-controlled height-adjustability, the seat can always be fine-tuned to ensure a correct working height for the carer and optimum comfort for the resident.

2 Self-adjusting leg-rests

Unique, adjustable 'swing away' leg-rests self-adjusts in an optimum balanced position for individual resident comfort and support sound ergonomic working routines.

3 Ergonomic manoeuvring

The integrated grips and handles allow the carer to find an ergonomic grip for any manoeuvre. Low-friction castors make manoeuvring exceptionally smooth.

4 100% availability

While one of the two rechargeable batteries is powering *Carino*, the other is in the charger, so the hygiene chair is always available for use.

5 Good access for washing

The open design of the seat enables efficient toileting and provides the carer with good access for discreet washing of intimate parts of the body.

Easy disinfection

Design features such as flat surfaces, the foldable seat and detachable leg-rest, back-rest and head cushion enable easy, efficient cleaning and disinfection routines.

Product Information	
Chassis width	624 mm (24 5/8")
Chassis length	857 mm (33 3/4")
Seat lowest position	450 mm (17 3/4")
Seat highest position	1050 mm (41 3/8")

Seat (Width)	475 mm (18 2/3")
Seat (Length)	450 mm (17 2/3")
Weight	42 kg (93 lbs)
Safe Working Load (SWL)	140 kg (308 lbs)
Approvals	TÜV
