

Bariatric Solutions

Optimising the care of plus size patients

ARJOHUNTLEIGH
GETINGE GROUP

Obesity: **A global epidemic**

According to the World Health Organisation (WHO), 13% of the world's population are now clinically obese¹. The rise in obesity is placing healthcare facilities under serious pressure, straining caregiving resources and driving up costs. To effectively address this critical challenge, it is imperative that facilities are properly equipped for the needs of plus size patients².

The Bariatric Portfolio

Safe patient handling
Streamlined ergonomic efficiency

VTE prevention
Comfortable, convenient and clinically effective

Bariatric hygiene
Dignified everyday showering and toileting routines

Support surfaces
Enhanced care for compromised skin

Bed frames
A safe and dignified environment

Furniture
Space for patients and caregivers

Training
Caregiver safety – patient comfort and dignity

Safe and dignified care for plus size patients

ArjoHuntleigh offers a portfolio of bariatric products and services that ensure healthcare facilities are equipped for the challenges of plus size patients and can deliver cost-efficient, safe and dignified plus size patient care.

We help facilities:

- Enhance plus size patient handling efficiency
- Optimise caregiver and patient safety
- Deliver plus size patient comfort & dignity
